Green EFFORTS

16th April 2013

The GREEN EFFORTS workshop has objectives to exchange ideas and discuss project outcomes with port authorities, harbour masters, port and terminal operators and other responsible personnel in order achieve applicable results.

GREEN EFFORTS, Green and Effective Operations at Terminals and in Ports, is a research project – co-funded by the EC 7th Framework – aiming at reducing emissions by decreasing energy consumption and increasing the usage of regenerative and low emission energies at terminals and in ports.

**Venue: Chamber of Commerce
Handelskammer Bremen
Am Markt 13
28195 Bremen**

For further information about the project activities, please visit the GREEN EFFORTS project website at: **www.green-efforts.eu**

ESPO

18th April 2013

The Marine and Security Advisory Committee of the European Seaports Organisation will convene for its meeting at Bremen. Topics will be determined shortly prior to the event.

Since two years, EHMC has a co-operative liaison with ESPO/MA&S. EHMC and ESPO/MA&S strive to plan their meetings sequentially once a year in order for both to benefit from each other's expertise.

**Venue: Senator für Wirtschaft,
Arbeit und Häfen,
Zweite Schlachtpforte 3
28195 Bremen**

**For registration
